SUPPORTING DISABILITY STAFF & STUDENTS

Global recognises the need for professionals to keep up to date in their field. This has been expressed by our own Global staff and other workers in the disability, mental health, aged/dementia care as well as the home and community care sectors.

Busy working professionals sometimes find it hard to have the time to conduct wide research about information in their field of work. So we are doing the research for you.

The Global Gazette Disability will bring to you a wealth of information.

It features a brief summary or introduction and then for those items that are relevant to you – there will be a link to find the original source of the information published on the internet.

We will be researching government, advocacy and industry associations, professional societies, journals, service providers, educational institutions, general & professional media and a variety of other sources, as well as the media releases published.

www.GlobalCareStaff.com

GLOBAL GAZETTE SCOPE

Each issue of the Global Gazette will cover the following range of information:-

- News of Government Plans & Announcements
- News of Government Programs
- A featured Association or Organisation.
- Scholarship News
- News of Models of Service
- Books & Publications
- Policies & Guidelines
- Online Directories
- Funding & Grants News
- Research Papers & Reports
- A featured Course
- Education Resource
- Conferences & Seminars Guide

An easy access point to keep in touch with developments in the field.

University, TAFE & Vocational Education students are welcome to subscribe to the Global Gazette.

Global Gazette goes to over 100 countries
